

Cledenir Souza

Customer Support Specialist | iGaming & Customer Operations

Lisbon, Portugal | +351 914 569 328 | cleidenirlopes@outlook.com | linkedin.com/in/deccledenir-seo

PROFESSIONAL SUMMARY

Customer Support and Customer Operations professional with international experience in iGaming (Entain) and large-scale digital operations (Accenture). Skilled in multi-channel support (chat, email, ticketing), account and payment queries, verification requests and case escalation, with a consistent focus on SLA adherence and clear documentation. Background also includes hands-on technical troubleshooting and a self-employed period supporting clients on digital products and websites. Native Portuguese speaker with fluent English, experienced working with UK, US and European users in fast-paced, process-driven environments.

CORE SKILLS

Customer Support: multi-channel support (chat, email, ticketing), account & payment queries, escalations, CSAT, first-contact resolution

iGaming Operations: player account support, verification (KYC) requests, bonus queries, payment troubleshooting

Safer Gambling, Player Protection & AML Awareness: gambling-related harm indicators, financial vulnerability, unusual activity/AML risk indicators, risk escalation, account restrictions

Case & Ticket Management: Zendesk, SLA adherence, case documentation, audit-trail maintenance

Trust & Safety Background: content/policy review, risk monitoring, quality review, escalation workflows

Technical Troubleshooting: Windows/Linux, VPN, help desk, remote support, incident logging

Communication: Native Portuguese (BR/PT), Fluent English, client-facing communication, cross-cultural support (UK/US/Europe)

Tools: Zendesk, SharePoint, Confluence, Microsoft Teams, Outlook, Excel

PROFESSIONAL EXPERIENCE

Independent Digital & Support Projects

Freelance / Self-Employed | May 2025 - Present | Remote, Lisbon

- Managing independent digital projects, including website content updates, troubleshooting and publishing workflows.
- Organising project tasks and simple reporting using Excel and digital planning tools.

Tools: WordPress, Excel, Microsoft Teams

iGaming Customer Support Analyst

Entain | Nov 2024 - May 2025 | Lisbon, Portugal (Hybrid)

- Delivered multi-channel customer support (chat, email, ticketing) for international iGaming customers via Zendesk, handling account, product and technical troubleshooting queries.
- Investigated account and payment issues using Zendesk and Entain's internal account-management system, reviewing account status, activity history and existing restrictions to resolve login, verification (KYC), bonus and payment queries and apply or escalate appropriate account actions.
- Recognised signs of gambling-related harm and financial vulnerability during customer interactions, applying protective account restrictions and escalating cases in line with Safer Gambling and Player Protection procedures.
- Identified unusual or suspicious account activity and potential AML risk indicators during account reviews, applying permitted restrictions and escalating cases to specialist AML/Compliance teams per internal procedures.
- Created reusable step-by-step support templates and customer guidance for recurring queries and product/betting procedures, improving consistency and making complex instructions easier to follow.

Tools: Zendesk, SharePoint, Microsoft Teams, Outlook, Excel

Customer Operations & Trust & Safety Support

Accenture | Feb 2019 - Oct 2023 | Lisbon, Portugal (Hybrid)

- Reviewed and moderated digital content against platform policies, applying consistent guidelines to flag, escalate or approve submissions across high-volume queues.
- Applied trust & safety policies to evaluate content risk, identify violations and produce well-documented, audit-ready decisions under time pressure and quality targets.
- Conducted quality review of processed cases, maintaining accuracy rates and supporting team KPIs and SLA adherence.
- Supported risk monitoring by flagging anomalies and escalating high-risk cases, and handled customer operations tasks such as account data requests across business units.

Tools: Confluence, SharePoint, Excel

Business Partner - Client Support & Digital Operations

Aquarela Infinity | 2014 - 2019 | Self-employed

- Co-founded and helped operate a small self-employed business providing digital products, websites, applications and game-related development.
- Acted as the primary client-facing contact: gathered requirements, discussed client needs, presented available services and translated requirements for the technical/development side.
- Supported clients using delivered applications and websites, handling questions and follow-up support after delivery.

Desktop Support Technician

Wisdom Hardware | Apr 2008 - Feb 2014 | Sao Paulo, Brazil

- Provided front-line technical support for end users, resolving hardware, software, network and OS issues (Windows and Linux) in a help desk environment.
- Diagnosed and troubleshooted connectivity problems, peripheral failures and application errors, minimising user downtime, including VPN access and remote connectivity support.
- Maintained incident logs and authored user-facing troubleshooting documentation in English and Portuguese, coordinating with vendors to improve service delivery.

Tools: Windows OS, Linux OS, Microsoft Office, Outlook, Excel, VPN Tools
